

The Inbertec UB200 / UB200D Series

The Inbertec UB200 Series is an entry level, low cost corded business headset series built for the most cost-sensitive contact centers, basic PC telephony users and VoIP calls. The UB200 series is compatible with major IP phone brands and generalcomms software. With noise cancellation technology to reduce back around noise, it provides a professional customer experience on every call.

- **Comfortable and Lightweight Design**

Adjustable headband and flexible goose neck microphone boom make it easy to use. Foam ear cushions which can reduce ear pressure and make it very comfortable to wear.

- **High-definition Sound Quality**

Wideband speakers provide high-definition sound quality.

UB200D Binaural Series

- **Great Value with High Quality**

Gone through stringent and uncompromising quality tests for intensive usage. Applying superior materials and an advanced manufacturing process to make great value headsets for users who have a limited budget but don't want to sacrifice the quality. The UB200 series also has a completed range of certifications.

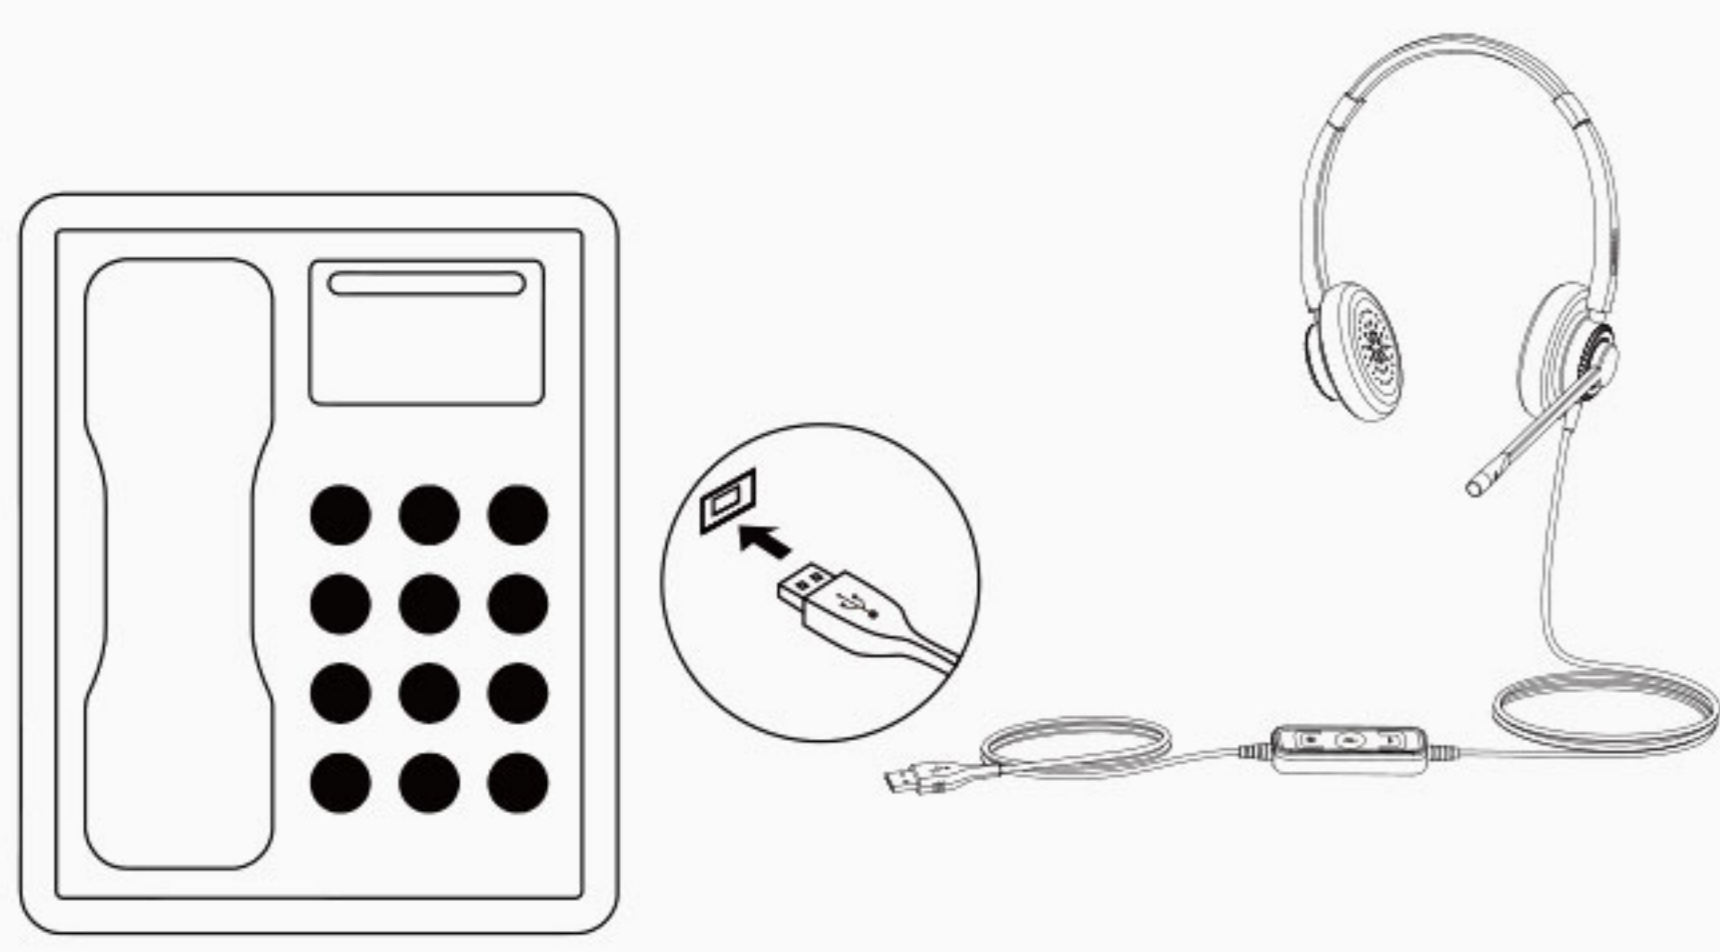

- **Noise Cancellation**

Noise cancellation with an electret condenser microphone and innovative noise cancellation technology to greatly reduce background noise.

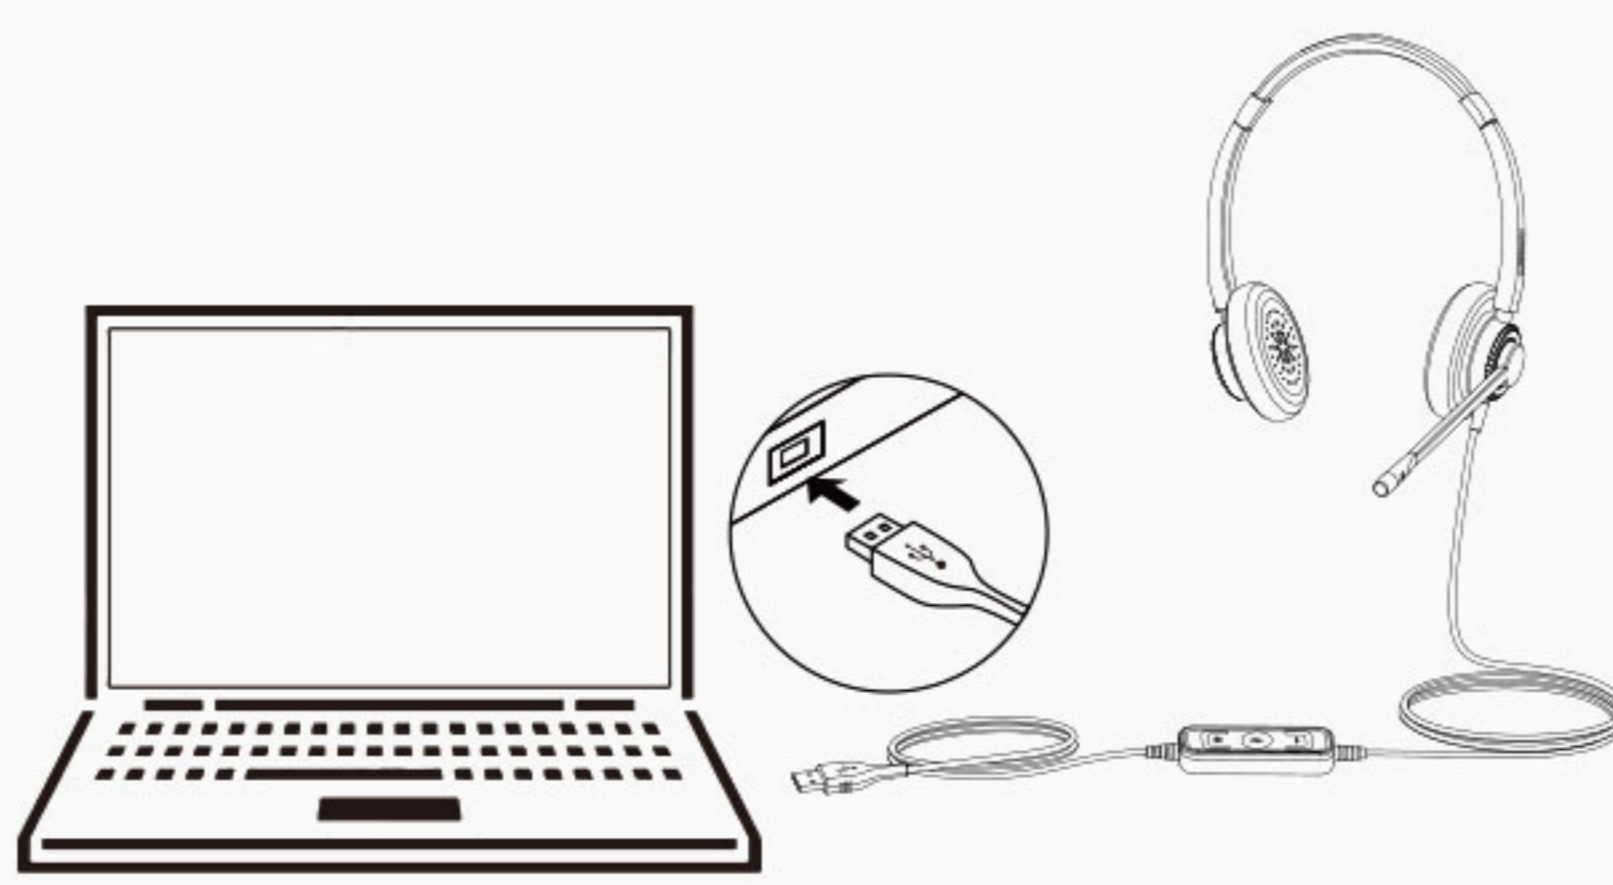

UB200 Monaural Series
